With 30 challenges, 11 Pirate flags and 300 pieces of trash, trash sailors is a fun and challenging pirate adventure you can enjoy together! Sparkle Pets is a quirky, collaborative game about taking care of a variety of magical pets that live inside of your house! Play online, locally with friends, or in Game Center. Everyone helps take care of the pets at once, by pet-sitting, feeding them, providing their needs, and keeping the house clean. An all new version of the ultimate music & rhythm game featuring a unique physics system and a whole new setup of tracks, play styles, modes and ways to collect badges and coins! A new screen system, more music, more tracks and more modes than ever before! Racing, fighting and strategy collide in a fast-paced sci-fi racing game that comes from the minds of the creators of Star Soldier. In Arcade Edition, you race through the iconic city of New City, dodging obstacles, speeding through tunnels and along the rooftops. If you fall too low, you'll have to power up your engines to quickly escape the city's exploding 'circuits', only to find yourself racing into a huge ring where you can earn even more powerups. Interstellar Crash Course: College Edition is an augmented reality simulator and learning tool for physics, chemistry, and biology! With the easy-to-use AR approach of the original Interstellar Crash Course, College Edition introduces college-level content and curriculum for kids and families. Join the scientists in the race to get all the pieces of the mysterious Orbs together and save the planet! Tap to flip blocks and avoid obstacles on the way to the exit. Get a star rating and unlock achievements! The Forgotten Realms - Echoes of the Underworld is a highly-detailed 3D action RPG with a unique take on the Forgotten Realms universe. Unlock new classes, build your party and delve into the fantasy realm of the Forgotten Realms! Take your intelligence and creativity to the world of puzzles in the best marble game ever. Combine letters to form words, then use the collected words to solve the puzzles! The Barden was written by a team of underground speculative fiction authors. It is a science fiction based sequel to the iconic space opera game, Star Control II. The Barden is free to download and play, has a huge lore base, and gives fans the opportunity to complete the story of the game and get all 82157476af
